## Oklahomans For Life - LEGISLATIVE ALERT

March 7th, 2010

### Three Pro-Life Bills Set for Votes on Senate Floor This Week; Support Requested

Three important pro-life bills will be voted on by the Oklahoma state Senate this week. The bills are:

**SB 1902** (Sen. Clark Jolley and Rep. Skye McNiell), regulating the use of the dangerous chemical abortion pill RU-486, which kills an unborn child who is about two months old;

**SB 1890** (Sen. Todd Lamb and Rep. Dan Sullivan), prohibiting abortions that are done for the purpose of sex-selection;

**SB 1891** (Sen. Anthony Sykes and Rep. Pam Peterson), protecting health care professionals' freedom of conscience by affirming their right to refuse to participate in the taking of a human life.

**Please contact your state senator and urge support for these pro-life bills.** You can identify your senator by going to our website, [www.OkForLife.org](http://www.OkForLife.org). On the left side, click on *ID Your Legislators*. Type your address, then scroll down to the fourth entry for name and contact information.

(We are seeking to enact seven separate bills this session in order to reenact pro-life provisions from 2008 and 2009 pro-life laws that have been struck down by state courts because, they said, there were too many abortion-related provisions in the same law, thus violating the nebulous "single-subject" rule.)

(The three bills described above have all started in the Senate. The other four pro-life bills for this session began in the House of Representatives. Each of those four has now passed the House and will go to the Senate later this month or next. Those bills deal with Ultrasound, Reporting, Coerced Abortions, and Wrongful Life.)

Thank you for being the unborn child's advocate with the Oklahoma legislature.

Tony Lauinger  
State Chairman
